Skills

- Experience in the field of Machine Learning and Artificial Intelligence
- Analytical Thinking Skills
- Problem Solving Skills
- Programming languages: Java, Python, JavaScript, HTML, CSS, C, C++, SQL, AWS
- Experience in managing and optimizing logistics operations

Languages

- Hindi
- Odia(Native)
- English

About Me

As a current B.Tech student majoring in Computer Science, I am eager to secure an internship or position where I can leverage my multifaceted skills and gain practical experience. With a recent completion of a machine learning course at CTTC, Bhubaneswar, I've honed my expertise in ML, showcased by projects where I have done project in face recognition using Convolutional Neural Networks (CNN) and spam detection with Multinomial Naive Bayes algorithm. Alongside a solid foundation in software development, technical support, programming languages, and data analysis, I am well-prepared to contribute effectively to projects and thrive in a collaborative environment. I am driven by a passion for innovation and lifelong learning, and I am excited about the prospect of applying my skills to real-world challenges while advancing towards my career goals. I am eager for opportunities and mentorship, and I am confident in my ability to make meaningful contributions.

Education Background

- **Kalinga Institute of Industrial Technology**

Oct, 2021 - Oct, 2025

Currently studying

- **Delhi Public School Guwahati**

Apr, 2018 - May, 2019

AISSE

Graduated with 90

- **Delhi Public School Guwahati**

Apr, 2020 - Jul, 2021

AISSE

Graduated with 88.4

Achievements

Aug - Oct 2021

NPTEL Online Certification in Big Data Computing

Dec 2023 - Jan 2024

CTTC Bhubaneswar course work and internship in artificial intelligence and machine learning
